—Shortest day—Sunday, December 21st.

—The Merchants' Bank, of Easton, has declared a semi-annual dividend of five per cent.

—Candies, wholesale and retail, at Hausman & Kuhns'.

—Those desirous of purchasing good clothing at fair prices, should call at T. S. Beck's store, and examine his stock. He don't propose to be undersold under any circumstances.

—Col. John D. Bertolette, of Mauch Chunk, has been appointed Inspector General of State Militia, by Governor Hartranft.

—Our friend Smith is putting a new porch in front of the Weissport House.

—C. H. Macdaniels, the Weissport barber, intends building a new establishment for himself in the course of a few weeks. When finished he will have one of the most complete shaving and hair cutting saloons in this section, in connection therewith he will keep a choice stock of perfumery, tobacco and cigars. Mac is evidently a success in Weissport.

—A literary society was organized in Weissport on Saturday night last.

—L. F. Kleppinger has a fine stock of horses and carriages to select from when you want a ride.

—Iron in the Blood.—When the blood is well supplied with its iron element, we feel vigorous and full of animation. It is an insufficiency of this vital element that makes us feel weak and low spirited; in such cases, the Peruvian Syrup (a protoxide of iron) can supply this deficiency, and its use will invigorate us wonderfully.

—Sheriff Breiniser, accompanied by Col. John D. Bertolette, of Mauch Chunk, drove through town on Saturday last, favoring us with a call in passing.

The store has undergone a complete change, and presents neat and attractive appearance, while the clerks are polite and attentive to the wants of their customers, who are numerous, and no wonder, when we take into consideration the alarming reduction this firm has made in the price of all kinds of goods. Messrs. Snyder & Wills deserve a fair portion of the trade of the community, and we doubt not will receive it. See their advertisement.

—The railroad strike still continues. There has been very little change in the situation since the last report. At Tamaqua it is said the operatives are about resuming, and it is possible the strike will end in a few days. The effect upon the coal trade will not be very serious, even should it continue, at there is a large stock on hand.

Wolfe has removed his photograph gallery from the old stand to his residence on Second street, a few doors from Fenstermaker's hotel, where he will be pleased to see all his old friends and any number of new ones who desire a perfect picture at a low price. Pictures of deceased persons enlarged to life size on moderate terms.

—Our friend, the "heavy" lumberman of Weissport, is building a commodious carpenter shop, between the Fort Allen Foundry and the new Emery Wheel manufactory of Marsh & Co., in that place. Yeakel & Albright are undoubtedly two of the most energetic business men in Weissport.

—"The law," said Judge Ashurst in a charge, "is open to all men, to the poor as well as the rich." So is David Ebbert's livery stable. His prices for teams are down with the times.

—The best place for school children at night—at home.

That Fence.
 Whose business is it to repair that fence between Mr. Ott's residence and top of the hill, on the road from this place to Packerton? It is undoubtedly in a bad condition, and we expect every day to hear of some team or other rolling down and getting smashed. Those whose business it is should attend to the matter at once. In some places the fence is entirely gone, and as a consequence it is magnificently dangerous.

Mauch Chunk Items.

By our own correspondent.

Mr. Charles Leisenring, of E. Mauch Chunk, and a brother of Hon. John Leisenring and A. W. Leisenring, Esq., died at his residence of dropsy on Tuesday afternoon last, aged about 33 years. The funeral took place from his residence on Wednesday afternoon, at two o'clock, and was largely attended.—Rev. E. Ferrier, of the Presbyterian church, officiating. Mr. Leisenring for the past two years had been confined to his house nearly all the time. He at one time was agent for the DuPont Powder Co., and was one of the firm of J. Beighe & Co., boatbuilders. He was well known throughout the county, having resided here all his life. He leaves a widow and several children.

The Junior Mechanics give their ball, at Rhoads' Hall, on New Year's Eve. Rentz's Philadelphia Orchestra furnish the music.

Brennan's panorama of Ireland, with Dublin Dan, &c., exhibited here Tuesday and Wednesday evenings to good houses. The singing and dancing of the ladies connected with the troupe was excellent.

A whole flock of English sparrows have resumed their winter quarters in the tree boxes in front of the First National Bank.

The clerks in the L. & S. and L. V. R. R. and Lehigh Companies offices are busy as bees counting the "greenbacks" to be paid out by these companies in a few days.

The criminal business at the next court, it is thought, will be light. The receipts from the Methodist fair and festival foot up nearly \$1500.

Mauch Chunk is agitated with a dancing school, which convenes twice a week at Rhoads' Hall.

Notwithstanding the new Constitution is to be voted for on Tuesday, little if any interest seems to be taken in the matter in town, although experienced judges predict a handsome majority for it in the county.

John Fidler has put on an addition to his residence covered with a flat roof, making it three stories high, and M. C. Morris, jr., and Samuel Lines have had a handsome porch erected in front of their houses.

The Phoenix Cornet Band have in contemplation a surprise visit. One of these evenings, to one of your jolliest townsmen. Gossip o'clock.

County Supt. Hofford and Rev. H. F. Mason, of your place, paid a visit to Mauch Chunk this week.

The steam which heats the Mansion House passes through more than a mile of pipes. How is that for high?

On Saturday afternoon last a number of Mauch Chunk sportsmen, in company with Mr. LaFayette Lentz, took a trip to his farm in Beaver Run, and amused themselves with pigeon shooting. Most of them were supplied with the latest pattern of breech-loading gun, and thirty pigeons were let loose from a trap, one at a time, and after flying fifteen feet away from the box they were open to the aim of the marksmen. Out of the lot about half of them were killed and a number wounded. Several very skillful "on the wing" shots were made. It seemed to be great fun for the gunners but death to the pigeons.

Since the L. V. R. R. reduced 10 per cent. on the wages of their employees, at the foundry of Albright & Stroh they have been reduced 10 per cent., and at Salkeld & Roberts' foundry, 25 per cent. This seems to be rather rough on the mechanics who are, as it is, only working short hours.

Jury Commissioners Adam Christman, of Penn Forest, Charles Lentz, of Mahoning, and Sheriff O. Breiniser, placed a new selection of 500 names of taxpayers in the wheel for 1874, and drew the juries for the January term of Court, which begins on Monday, January 19th, 1874. Among the traverse jurors drawn from the wheel was the name of Lemuel de Bailey, a servant of Major Klotz of this borough, the first colored man ever drawn on a jury in this county. However we live in a progressive age.

Miss Annie Keuhner died, in Mauch Chunk, on Tuesday night, of an affection of the liver, aged about 37 years. She was a daughter of the late John Keuhner, an old resident of this town. She was quite well known in this vicinity as a skillful seamstress, and of late years had been ailing considerably. Her remains were buried in the Upper Mauch Chunk cemetery on Friday afternoon, Rev. Noble Fraue, officiating.

"Beautiful mud" has been flowing through our streets for the past week, and sleighs have been assigned summer quarters.

E. K. Stroh, Esq., has been employed by Thomas Kemmer, Esq., the new Prothonotary, as his clerk, and Edgar Twining has been appointed Deputy Treasurer by W. E. Bevan. Both are good selections.

Drowned.
 At 4 o'clock on Saturday afternoon last, while five little boys skating on a pond in Westwood, a suburb of Pottsville, Schuylkill county, the ice gave way, letting them into the water. The brakeman of a passing train went to their rescue, and saved two of their lives. Three were drowned, Samuel Simmons, James Finn and Francis Roppert, aged respectively 6, 11 and 12 years. The father of James Finn was drowned in the same pond six years ago.

Mine Accident.
 An accident occurred at No. 3 Slope, of the Honey Brook Coal Co., near Audenried, at seven o'clock on Saturday morning of last week. Two men were instantly killed and several others seriously injured. The car was about being let down the slope when 15 men got in. Just as they started and got over the tip, the staple ring broke, the car went down about 170 yards and landed among the skids, throwing all out, killing Alex. Brown and John Richards, and three others have since died from their injuries.

Proceedings of the Carbon County Literary Society.

SATURDAY, Dec. 6, 1873.—The meeting was called to order by the President. The minutes of previous meeting were read and approved.

The committee on by-laws reported and, after some discussion, the committee was, on motion, held over to report further at the next meeting.

The committee on place of meeting, reported progress.

Next came the regular exercises: D. S. Grossman read a well written essay on "Great and Small Things," after which Miss Baker read, with good effect, Byron's "Waterloo." Prof. J. P. Rowland followed with some good selections, which were well read and highly appreciated. Rowland is a very sensible reader.

The question for debate, "Should Education be compulsory?" was next in order. The affirmative was well sustained by Prof. Hofford, who spoke of the pernicious effects of irregular attendance, and the failure of measures to secure better, and held that compulsion should now be tried, it might succeed. It could at least do no harm. Dr. Leonard followed in the negative. He thought that if the government were compelled to educate, it should be compelled to feed, clothe and wash its subjects. The discussion was participated in by Profs. Rowland and Youngman, and T. W. Renshaw. The president reserved his decision.

The following exercises were appointed for next meeting:
 Orator, Prof. Allen; Essayist, Prof. Youngman; Elocutionist, Miss Hulizer; Question for debate: "Resolved, That the English language is more indebted to Chaucer than Shakespeare." Affirmative, Dr. A. C. Smith; Negative, Prof. Rowland.

Resolved, That the Secretary furnish a copy of the proceedings to our county papers.

On motion adjourned.
 T. W. RENSRAW, Secretary.

Special Notices.

DR. H. T. BOND, having for Ten Years made a specialty of affections of the alimentary canal, successfully treats all diseases of the Stomach, Liver and Bowels, by his common sense treatment. Dyspepsia, Liver Complaint, Biliousness, Nervous Debility, Hernia (Rupture), Hemorrhoids (Piles), and Tape Worm yield to his treatment after everything else fails.

Thousands of cases of diseases of the Throat and Lungs and Nervous Complaints arise from disorder of the digestive functions and disappear under proper treatment. Have you a weak stomach, general debility, indigestion, constipation, acidity of the stomach, palpitation or fluttering at the heart, heart burn, fullness or weight in the stomach, disgust for food, swimming at the head, if so, consult Dr. B. at once.

Do you want something to strengthen you? Do you want to get rid of nervousness? Do you want a good appetite? Do you want energy? If so, consult Dr. B. at once, his common sense treatment will cure you.

Skin Diseases arise from impurity of the blood—and disordered digestion causes impure blood—if the fountain head be vitiated the entire stream is rendered impure—all outward applications such as lotions and salves may dry up a disease for a short time, or drive it in on the vital organs, but Dr. B.'s treatment expels it from the system and makes a perfect cure.

Hernia (Rupture), treated by mechanical appliances and electricity.—Radical cure effected in all curable cases.

Piles! Blind, bleeding or itching, cured like magic, instant relief given and speedy cure. The number of those afflicted is truly marvelous. Let no false delicacy prevent, but consult Dr. B. at once and be relieved from a life of misery.

Tape Worm Removed in Three Hours.—Hundreds of patients afflicted with tape worm are doctored and drugged for other complaints, of course without relief. The presence of this disgusting parasite gives rise to a train of symptoms that are often mistaken for other diseases. Dr. Bond removes tape worm, head and all, with purely vegetable medicine in three hours. No fee asked until entire worm is removed.

If you have any of the above diseases, do not hesitate, but at once consult Dr. Bond, and be cured. His treatment is rational and scientific; his remedies are purely vegetable, they act by a soothing nature and restoring the system to a healthy condition. He is the only physician in America that makes a specialty of this class of diseases.

Dr. BOND will visit Lehighton occasionally. During his absence he can be consulted by letter—all communications confidential. Address, describing symptoms, Dr. H. T. BOND, Allen House, Allentown, Pa. nov 22-3m.

KIND WORDS.

The Associated Reformed Presbyterian says—For years Perry Davis' Pain-Killer has been known as a most useful family medicine. For pains and aches we know nothing so good as the Pain-Killer. For many internal diseases it is equally good. We speak from experience, and testify to what we know. No family ought to be without a bottle of Davis' Pain-Killer.

Messrs. PERRY DAVIS & SON, Prov., R. I., Gents.—Although a stranger to you I am not to your invaluable medicine, Pain-Killer. I formed its acquaintance in 1847 and I am on most intimate terms with it still: my experience in its use confirms my belief that there is no medicine equal to Pain-Killer for the quick and sure cure of Summer Complaints, Sore Throat, Croup, Bruises and Cuts. I have used it in all and found a speedy cure in every case.

Yours truly, T. J. GARDINER, M.D.

Judging by our own experience whoever once makes a trial of Perry Davis' Pain-Killer, will not fail to recommend it widely as an unequalled liniment, and valuable internal remedy for colds and various other complaints.—Every Month

The efficacy of Perry Davis' world-renowned Pain-Killer in all disease of the bowels, even in the terrible scourge, the Asiatic cholera, has been amply attested by the most convincing authority. Missionaries in China and India have written home in commendation of this remedy in terms that should carry conviction to the most skeptical, while its popularity in communities nearer home is ample proof that the virtues claimed for it are real and tangible. Among family medicines it stands unrivalled.—Boston Courier.

The Saturday Even'g Gazette of Boston, says: It is impossible to find a place on this broad land where Perry Davis' Pain-Killer is not known as a most valuable remedy for physical pain. In the country, miles from physician or apothecary, the Pain-Killer is cherished as the exclusive panacea, and it never deceives.

"Perry Davis' Pain-Killer is really a valuable medicament, and, unlike most of the articles of the day, is used by many physicians. It is particularly desirable in location where physicians are not near, and by keeping it at hand, families will often save the necessity of sending out at midnight for a doctor. A bottle should be kept in every house."—Boston Traveller.

"We have tested the the Pain-Killer, and assure our readers that it not only possesses all the virtues claimed for it, but in many instances surpasses any other remedy we have ever known."—Herald of Gospel Liberty.
